### *Clearing Up After Games*

- The blue rope is required to be put around the square after every game
- The rope needs to be put on the roller when taken off the square. Too often this is left in a bundle, which tangles and **infuriates** the next person that has to spend 45 minutes untangling the rope to then be able to place around the square.
- Captains and players need to work together to also make sure the white discs are not left out and that other equipment is stored safely after a home game!

### *Theft*

- Once again, valuables have been stolen from the change rooms during last Saturdays game
- The committee is looking into plans for a safe to store all valuables during home games

### *Upcoming Auction*

- We are appealing to all playing and social members for donations of quality prizes to be auctioned after the Colts Presentation Evening to raise money for the 3<sup>rd</sup> pitch joint venture with Orpington Football Club
- Auctions can be started anytime as well, for example if someone has Ashes tickets to donate, bidding can start on those straight away!
